Tell us about your entry: Name, recycled materials, inspiration etc. Or just make it fun:

Example #1 Mild-mannered, runway cuddle bug by day, revered fashion diva at night, Rosy knows just the right time to say, "Je me sens juste fabuleux" when it comes to her latest haute couture entry in the Dogs on the Catwalk fashion show.

Example #2 Hank is sporting a wooly weeder look in honor of our local sheep friends tending vineyards across Sonoma County. His outfit is made from an "ugly sweater" he no longer likes, with recycled cotton balls glued to it. He is a rescue dog from Yuba City, proud of his Yorkie/Poodle heritage and weighs in at a svelte 6 pounds.

Example #3 Toby is wearing a shirt and tie made from the pages of old algebra textbooks. He will start therapy training next month with his human and hopes to be attending high school very soon to help students overcome their math anxiety.

- **All costumes must be made from recycled/used/thrift store materials.**
- All dogs must be kept on leash and get along well with other dogs and people.
- Dog Trashion outfits are invited to be on display at the "Wrap Up" Party with their artists. Are you willing to leave your dog's outfit with the Center to display after the runway show? (Please check one) Yes _____ No _____
