---

Class/ Workshop: Intro to Clay

Instructor: Deborah Donahower

Date:

Time:

Room:

---

**Tool list from instructor:**

*Support our local art store! Fine Line Art & Frame (in the Whole Foods Plaza). Students receive a 10% discount with a mention of Sonoma Community Center. They can order tools & supplies if they do not have them in stock.*

Basic tools and apron

A couple things to remember regarding what to wear/bring for your class:

Pottery tool kit: we have USA-

made kits available for purchase at the Center. Please bring a check to purchase (\$25). Or you can purchase online or at a brick and mortar: Fine Line Art Shop in the Whole Foods Plaza in Sonoma. See attached image to see sample kit. If you are unable to get a kit by the start date, we will have some random tools for you to use the first day.

Aprons: if you have a cotton apron to wear, please bring your own. We have some, but prefer students to bring their own.

Clay: For those of you who registered through Napa Parks and Recreation, the clay fee was not included in your registration. Please bring \$30 cash or check for your bag of clay. Just a reminder, clay is non toxic and will wash out of clothing, but clay DUST has silica in it and can cause lung issues so be sure to clean tools and equipment thoroughly after you're done working, including your apron. Napa students pay for clay at the first class (\$30 per 25# bag).

Hands: Long nails are a "No-

No" when throwing. Intricate jewelry can also get in the way so we recommend leaving that in your pocket or purse when throwing.

Fun: Have plenty of it! Clay is a magical material.
