PASTEL PAINTING with DEBORAH DONAHOWER

Course description:

This eight-week class will introduce students to basic techniques of using soft pastels as they work alongside the instructor to create landscapes, still lifes, animals and flowers. Learn to layer colors to create luminous, painterly effects. Beginners are guided as they work on the image provided each week; more experienced students may choose to work on an image of their choice.

Note: Participants are expected to provide their own materials. If the cost of materials would preclude you from taking this class you can arrange to use studio materials by sending an email to jill@sonomacommunitycenter.org at least one week prior to the first class meeting.
